

The Dorcas Ladies Ministry

Center Presbyterian Church

A group of talented ladies from our church and other local area churches come together every first and third Wednesday of the month (weather permitting) to make beautiful comfort quilts for the sick and needy people of Tellico Plains and surrounding areas. The heart-warming letters and cards they receive from the recipients keep them focused and motivated to continue making more and more beautiful quilts that mean so much to people who are suffering. Our prayers go out with every quilt we make. Thank you God for this gift You have given us to use to Your Glory.
